Honda Prelude

Full hybrid power

The new Prelude is a true reflection of our passion for innovation and technical excellence. The result? A car with a timeless coupe design and a unique personality that is exciting to drive yet sophisticated and refined.

The 2026 Honda Prelude is a rare blend of sporty performance, refined comfort, and hybrid efficiency – setting it apart in today's coupe market.

It features Honda's next-generation e:HEV hybrid system, pairing a 2.0-litre engine with two electric motors. In everyday driving, the electric motors power the vehicle, while the petrol engine primarily acts as a generator to recharge the battery, eliminating the need to plug in.

It seamlessly switches between Electric, Hybrid, and Engine modes to deliver instant torque, smooth performance and outstanding efficiency.

Pure
performance

Take control

The Prelude offers a choice of three drive modes – each tailored to suit different driving styles and conditions. The system adjusts various parameters, including powertrain, throttle response, steering feel, suspension settings and Adaptive Cruise Control, ensuring a truly immersive driving experience wherever the road takes you.

- **Comfort Mode:** Relaxed driving experience, softer suspension, subdued engine sounds
- **GT Mode:** Responsive yet smooth long-distance cruising
- **Sport Mode:** Enhanced throttle response, suspension settings, chassis stiffness and steering sensitivity
- **Individual Mode:** Allows you to customise each setting

A shift in performance

Honda's bespoke S+ Shift technology has been developed to enhance your pleasure of driving the new Prelude. This unique technology simulates virtual gear changes, combined with the instant electrified acceleration of a Honda full hybrid, giving you the responsiveness of a sports coupe while maintaining the efficiency of a hybrid.

Designed for those who drive with passion, S+ Shift intelligently selects the optimal gear and keeps the engine in its most ideal range for a smooth, responsive performance.

For those who crave more control, paddle shifters on the steering wheel allow you to manually take charge of each gear change - amplifying the thrill with more pronounced shifts and dynamic, performance-inspired engine sounds.

The driving experience

The new Honda Prelude embodies the true spirit of a sporty coupe, a modern expression of our performance heritage, perfectly suited for a new generation.

It is a car you will look forward to driving – versatile, engaging, and engineered to strike the perfect balance between performance, comfort, and everyday usability.

With hybrid power, driver-focused technology, and an Adaptive Damper System inherited from the Civic Type R, the Prelude delivers a ride that is composed, refined and effortlessly enjoyable whether you are navigating winding roads or cruising on open straights.

Dynamic
design

A sport coupe, reimagined

The Prelude is sleek, sporty and full of personality, its contemporary design is a unique blend of dramatic, sculpted lines and smooth curves that flow from the low, purposeful bonnet to the double horizontal taillights. The Prelude's athletic stance and low roofline, accentuated by bold 19" alloys and Brembo brakes, give the car a real road presence - whether on the move or parked.

GT comfort & style

As you settle into the finely crafted, body-hugging leather seats, built for comfort in long drives, and grip the perfectly contoured 'D' shaped steering wheel, you will notice the ergonomic interior hints at the car's GT pedigree.

Its fully digital 10.2" Digital driver's display ensures essential driver information is easily visible, whilst soft-touch materials and distinctive touches like blue stitching* make this a very enjoyable place to be.

Life's better connected

Stay effortlessly in sync with your world thanks to the 9" Honda CONNECT touchscreen with Android Auto™ and Apple CarPlay®, wireless charging, and immersive Bose® audio.

Meanwhile, features like tactile dual-zone climate controls and a rear-view camera enhance comfort and confidence behind the wheel – making every drive feel just right.

Begin your journey from the sofa with **My Honda+**, the app that transforms your phone into an extension of your car. With a complimentary subscription for the first 3 years from first registration.

- Features include:**
- Remote Lock / Unlock
 - Digital Key
 - Security Alerts
 - Car Locator
 - Digital Roadside Assistance

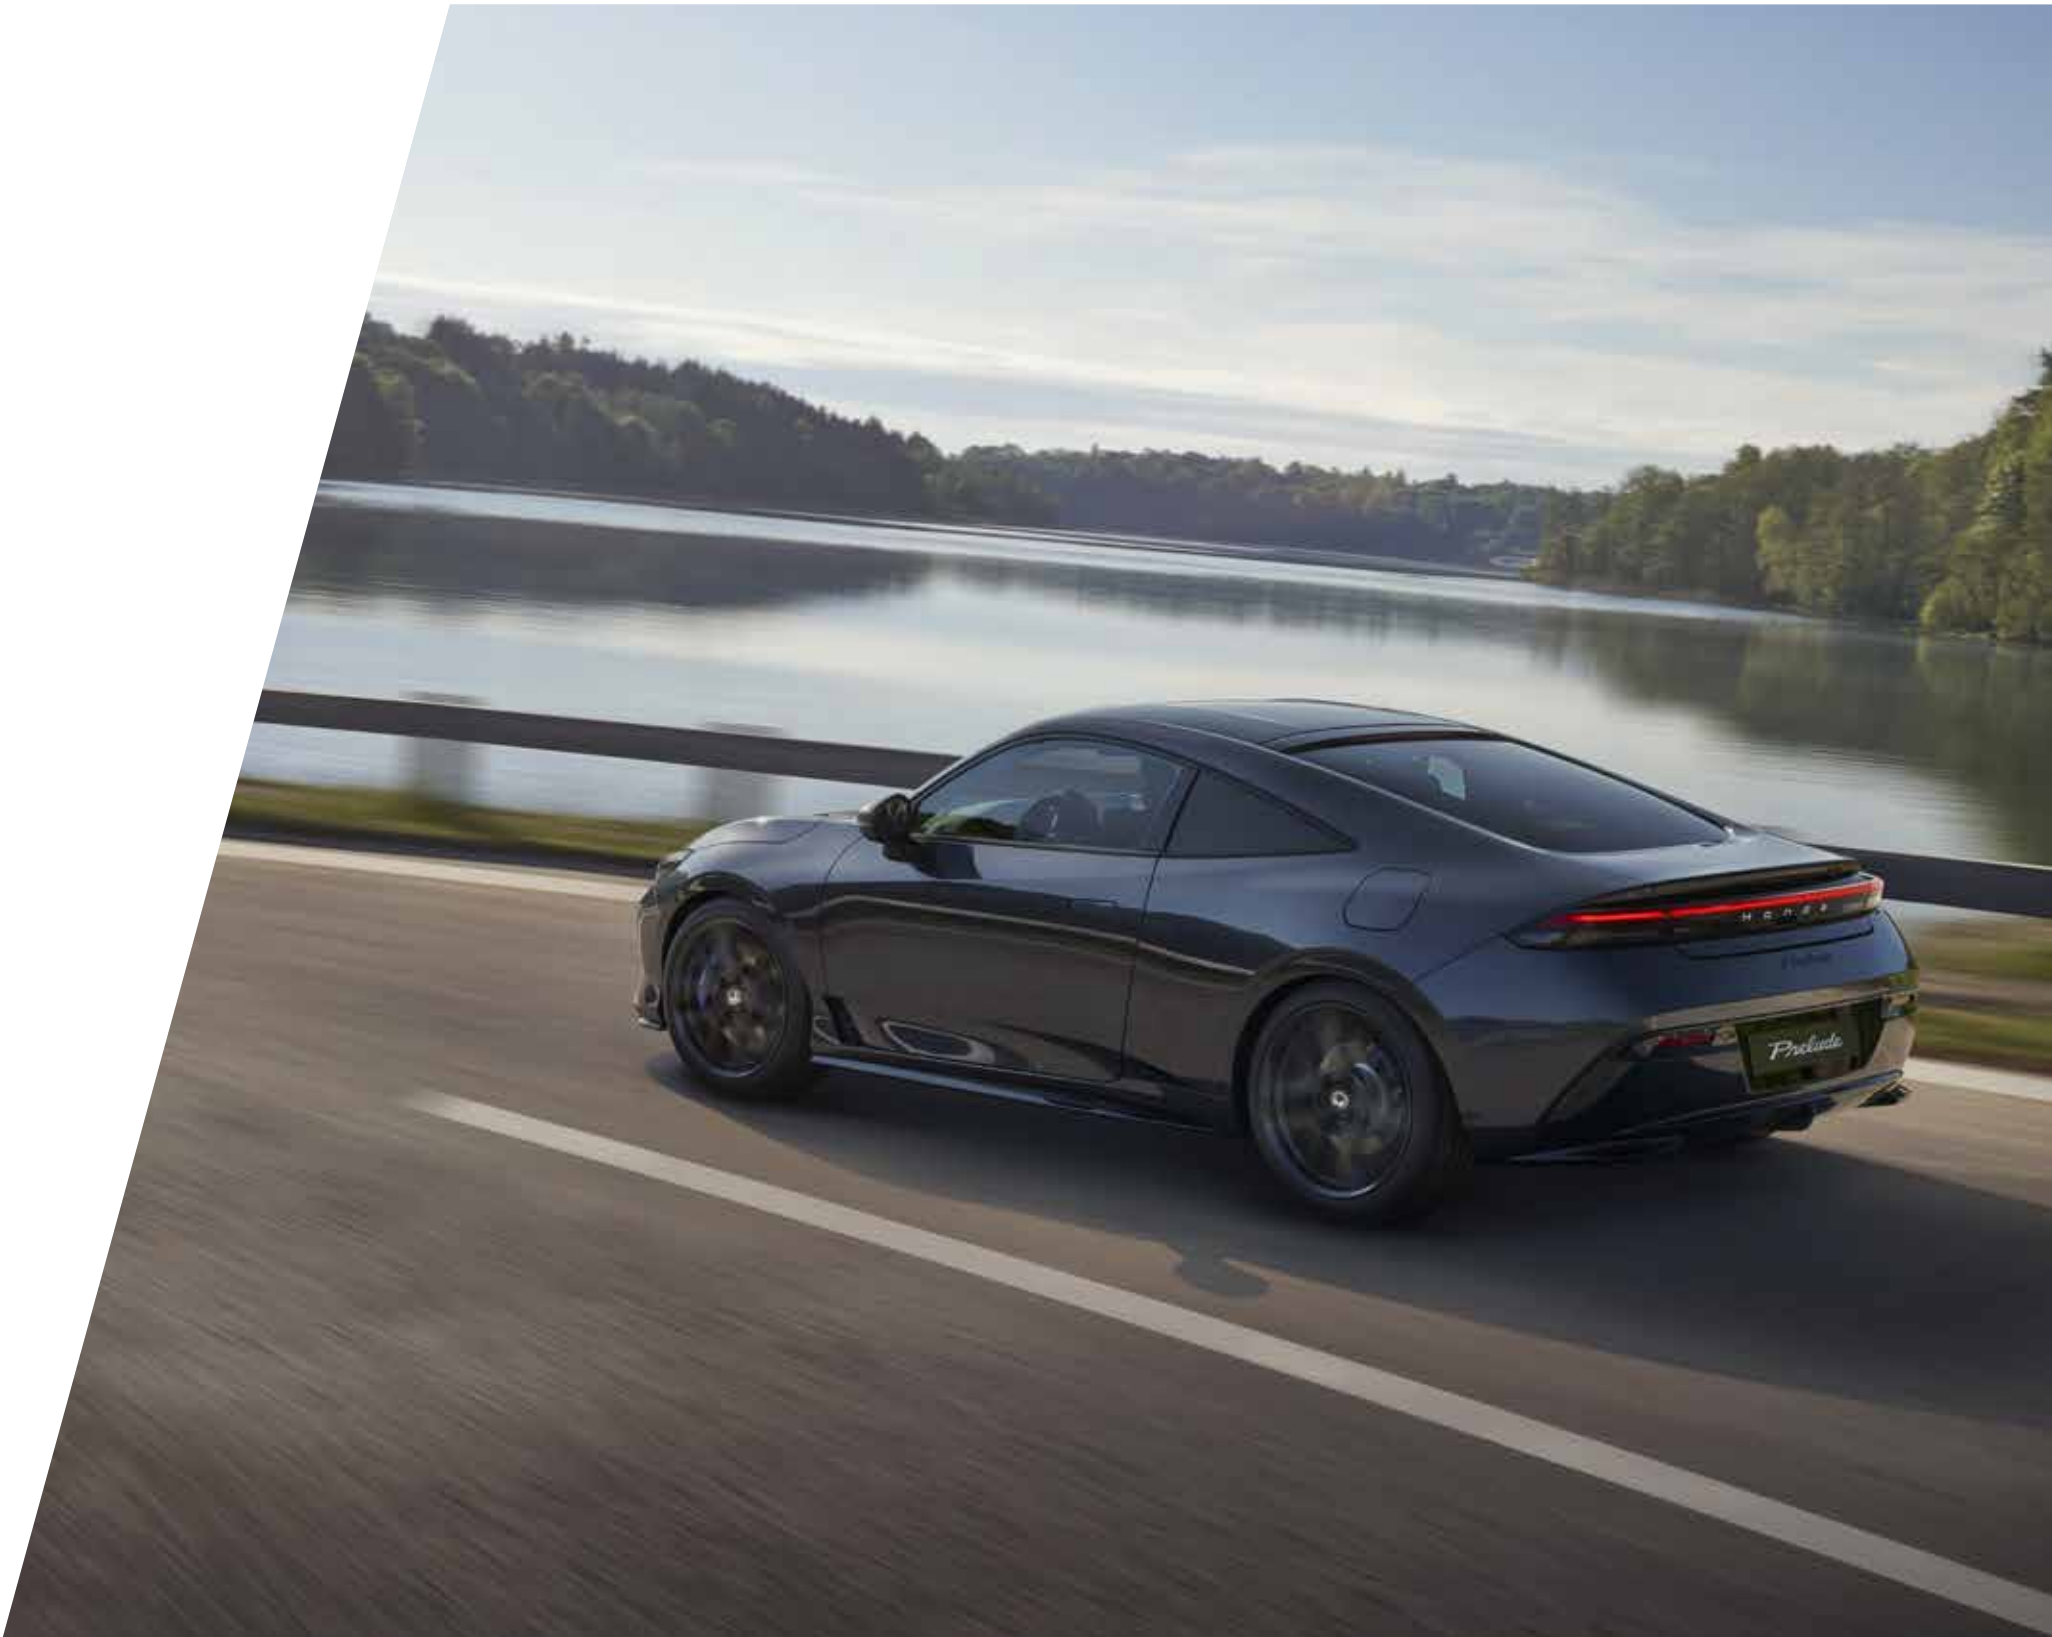

Honda SENSING

While the Prelude is built for performance and driver engagement, Honda SENSING ensures that those dynamic moments come with a high level of active safety and control. Whether you are navigating city traffic or enjoying twisty backroads, it is always working quietly in the background.

Features include:

- **Collision Mitigation Braking System**
Applies brakes automatically if a frontal collision is imminent.
- **Road Departure Mitigation System**
If your car begins to drift out of lane or the road, tactile and audible warnings are delivered, and automatic steering is applied to correct the car.
- **Cross Traffic Monitor**
Reverse safely when your view is obstructed, with warnings of approaching cars and other moving objects.
- **Lane Keeping Assist System**
Gently adjusts steering to help keep the Prelude centred in a detected lane.
- **Adaptive Cruise Control**
Maintains a set following distance behind the vehicle ahead-even in stop-and-go traffic.

Black pack

Elevate the sporty look of your Prelude with these Berlina Black and dark chrome accessories.

The pack includes: a tailgate spoiler, front bumper decorations, a black emblem kit and black emblem wheel center caps.

TAILGATE SPOILER
Enhance your Prelude's rear profile with our tailgate spoiler, designed to add a bold, sporty edge to your boot lid.

A BLACK EMBLEM KIT
It's all about the little details. The black emblem kit perfectly complements the sporty look of your Prelude. This kit includes: a black chrome front H-Mark and a black rear Honda logo.

BLACK EMBLEM WHEEL CENTER CAPS
The black center caps with black chrome H-Mark perfectly complement the sporty look of your Prelude wheels. This kit includes 4 pieces.

FRONT BUMPER DECORATIONS
Transform your Prelude's appearance with our front bumper decorations. These accents add an exciting edge, making your vehicle stand out with a bold and stylish look.

Alloys

19" PR1901 ALLOY
The 19" PR1901 features a diamond cut A-surface with a shiny clear coat and Berlina Black windows.

Items in the pack are also available separately. Alloys shown are the 19" PR1901 alloy wheels, these are optional and sold separately. Model shown is the Prelude Advance in Meteoroid Grey Metallic.

Der kan være afvigelser i indholdet af brochuren i forhold til de endelige specifikationer på den model, der senere introduceres på de danske marked.

These specification details do not apply to any particular product which is supplied or offered for sale. The manufacturers reserve the right to vary their specification, including colours, with or without notice and as such times in such manner as they think fit. Major as well as minor changes may be involved. Every effort, however, is made to ensure the accuracy of the particulars contained in the brochure. Whilst efforts are made to ensure specification accuracy, brochures are prepared and printed several months in advance of distribution and consequently cannot always immediately reflect either changed in specification or in some isolated cases the provision of a particular feature. Customers are always advised to discuss specification details with either supplying Dealer, especially if your model selection is dependent upon one of the features advertised.
